Date: March 1, 2018  
From: Brad Murray – Director of Outdoor Programs  
RE: Credit Card Payments for Boy Scout Resident Camp

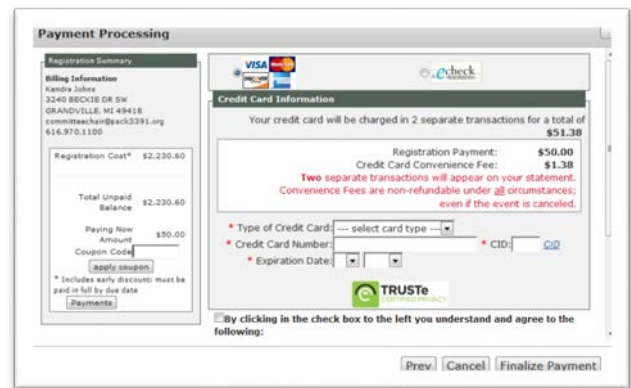

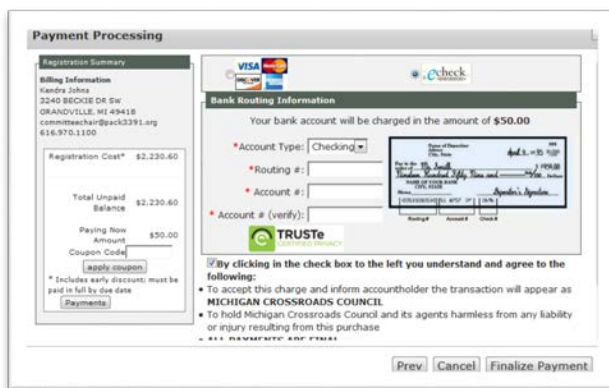

Based upon numerous requests from our summer camp units, I am pleased to announce that effective March 5, in addition to electronic check [eCheck] payments, we will begin to accept credit card payments for all Boy Scout Summer Resident Camp fees due via the Black Pug online registration system. The timing of this change will also allow our summer camp units to use a credit card for their second camp payment due March 5-8 [based on the camp they are attending] if they so choose.

Previously, credit cards could only be used for the unit deposit payment for Boy Scout Resident Camp, and electronic check [eCheck] payments were required for all subsequent payments. Beginning on March 5, however, you will have the option to select either “eCheck” or “Credit Card” [VISA, MasterCard, Discover, or America Express] during the online check out process.

Please be advised that while eCheck payments will continue to be offered at no additional cost [no convenience fee], credit card payments will incur a convenience fee of 2.75%, based on the total amount of the transaction. The convenience fee will be clearly identified on the payment screen during the checkout process.

Looking forward to seeing you at camp this summer!
