

# YEAR ROUND CAMPING AWARD

Spend at least one night camping for twelve consecutive months and earn the “Year Round Camping Award” patch. Any recent consecutive twelve-month period qualifies. Camping may be with your troop or your family. One long-term troop summer camp may be used to count for two consecutive summer months. (For example, summer camp in July could count for June and July or July and August.) This award is available to any registered youth boy scout or adult member of Great Lakes Council. Patches can be purchased at Great Lakes Council offices.
