Anytime during May through August participate in a total of
3 Cub Scout activities.

Earning Adventure is not dependent on other's participation.

Program Delivery

Handbooks

Handbooks

Handbooks

Adventure Requirements

Too many options make the adventure look more complicated than it is.

Options make it impossible to know what Cub Scouts are doing to earn the adventure.

ELECTIVE ADVENTURE

Complete the following requirements.

1. Complete two of the following:

- A. With the members of your den or family, make a game with simple materials that requires math to keep score.
- B. Play a game of "Go Fish for 10s."
- C. Do five activities at home, at school, or in your den that use mathematics, and then explain to your den how you used everyday math.
- D. Make a rekenrek with two rows, and show your den leader or other adult how you would represent the numbers 4, 6, 9, and 14.
- E. Make a rain gauge or some other measuring device, and use it.

2. Complete one of the following:

- A. With other members of your den or family, identify three different types of shapes that you see in nature.
- B. With other members of your den or family, identify two shapes you can see in the construction of bridges.
- C. Select a single shape or figure. Observe the world around you for at least a week, and write down where you see this shape or figure and how it is used.

3. Complete one of the following:

- A. With your den, find something that comes with many small, colored items in one package. Count the number of items of each color in your package. Keep track of each color. Then:
 - i. Draw a graph showing the number of items of each color.

- ii. Determine what the most common color is.

- iii. Compare your results to those of the other Scouts.

- iv. Predict how many items of each color you will find in one more package.

- v. Decide if your prediction was close.

B. With your den or family, measure the height of everyone in the group and see who takes more steps to walk 100 feet.

C. Have each member of your den shoot a basketball. Count the number of shots it takes for each Scout to sink five baskets. Make a graph that shows how successful your den was. Your graph should show each group that needed 5, 6-10, 11-15, 16-20, and more than 20 tries to sink their shots.

4. Complete one of the following:

- A. Use a secret code using numbers to send a message to one of your den members or your den leader. Have that person send a message back to you. Be sure you both use the same code.

- B. Send a message to another member of your den or your den leader using the pig pen code or another code that changes letters into special shapes.

- C. Practice using a code stick to create and decode a message.

PEDAL WITH THE PACK

ELECTIVE ADVENTURE

SNAPSHOT OF ADVENTURE

Get together with your den, pack, or family to go on a bike ride. You will learn about what to take and how to make sure your bike is ready, and then you will go for a ride! Grab your helmet, check your tires, and a buddy to head out on another Cub Scout Adventure.

REQUIREMENTS

1. Show how to properly wear a bicycle helmet. Show you can take it off and put it on without help.
2. Decide what you should wear when riding a bike.
3. Learn about different types of bikes and when/where you might ride these different bikes.
4. Demonstrate you can start and stop your bicycle without help.
5. Demonstrate proper hand signals.
6. With your den, pack, or family, following the buddy system, take a bike ride.

Pick the Rank/Grade

CUB SCOUT ADVENTURES

Cub Scouts earn adventures that are specific to their grade and rank. A number of adventures must be completed to earn the badge of rank for each grade level. Completion of adventures is how the aims of character, citizenship, leadership, and personal fitness are developed.

CUB SCOUT RANKS

Select a specific rank to see the list of required and elective adventures.
