

Units that have a  for their outdoor / super activity metric can easily resolve the metric by a unit key 3, or key 3 delegate going to my.scouting Organization Manager and entering their units' outdoor activities from the past 12 months that meet the metric requirement.

The screenshot shows the my.scouting Organization Manager interface. On the left is a sidebar menu with the following items: Settings, Unit Renewal, Unit Pin, Unit Dashboard, **Unit Data Metric Entry** (highlighted with a red arrow labeled '1'), Roster, Transfer in, Position Manager, and Reports. The main content area is titled 'Unit Data Metric Entry' and contains the following text: 'Please type the date of completion for the outdoor activity below:'. Below this is a section labeled 'Outdoor Activity' with a date input field containing '11/23/2024' (indicated by a red arrow labeled '2'). Below the date field, it says 'Last Updated: 02/19/2025: 02:43 PM' and 'Last Updated By: [redacted]'. A blue information icon is followed by the text: 'A Cub Scout outdoor activity could be any outdoor activity offered by the pack such as day camp, a day hike adventure, a picnic, a holiday parade, or activity at a local park, anytime within the past 12 months.' At the bottom right of the form is a blue 'Submit Entry' button (indicated by a red arrow labeled '3'). The bottom of the page has a footer that says 'CONNECT WITH US:' followed by social media icons for Facebook, Twitter, Instagram, Pinterest, and YouTube.
